

A stylized graphic of a balloon. The top part is a grey dome with a grid pattern, representing the balloon's envelope. Below it is a grey, elongated shape representing the neck of the balloon. At the bottom is a large orange triangle representing the basket. A thick orange line curves around the left side of the balloon, suggesting a string or a decorative element.

BALLOON TRAILER

**Ballooning solutions
Balloon trailers
Balloon roller
Simply basket
Maintenance service**

Since 2002, we produced the first trailer for ballooning, we have developed many systems to allow the Pilots pack and transport all parts of Balloons with no effort.
